Million Dollar Quartet

On December 4, 1956, an auspicious twist of fate brought together Johnny Cash, Jerry Lee Lewis, Carl Perkins and Elvis Presley. The place was Sun Records' storefront studio in Memphis. The man who made it happen was the "Father of Rock-n-Roll," Sam Phillips, who discovered them all. The four legends-to-be united for the only time in their careers for an impromptu recording session that embodied the birth of rock-n-roll and has come to be known as one of the greatest rock jam sessions of all time. In addition to seeing Million Dollar Quartet at the famed Apollo Theater, we will be enjoying lunch at the Sopranos with its authentic, rustic Italian look and homemade pasta dishes.
